

## Activities on offer at our [French school in Annecy](#)

If you're looking for an adventure, Annecy is the place to be! The surrounding alpine landscape is a playground for winter sports, you can get a buzz out of skiing and snowboarding in some of the best-known ski resorts in the world. During the summer season, you can enjoy many outdoor activities such as hiking and cycling through the dramatic mountainous landscape or canoeing on the turquoise waters of Lake Annecy. Nicknamed as 'Little Venice', the city itself is full of historic architecture, cobbled streets and charming cafés situated along its canal ways.

Our school arranges a different programme of several activities each week. The activities organised in the summer vary from the ones organised in the winter. Almost every activity is available free of charge for our students!
