SAMPLE ACTIVITIES

Activities on offer at our [French school in Montreal](#)

This is just an example of the many activities that our Montreal language school runs throughout the year.

Montreal has an almost embarrassing amount of entertainment on hand whilst enchanting city life is mixed with world-class culture and cuisine. Join us and your new friends in the world's largest bilingual city! Celebrate art, music, theatre and comedy at one of the many live venues. Enjoy some quieter time at one of the city's quaint cafes or dive straight in to the Quebec wilderness at your doorstep. The beautiful Laurentian mountains are just an hour away and waiting to be discovered. Our school can also help with information on what to do and where to go, on your own or in small groups in Montreal.

The cultural and activity program in Montreal not only ensures that students enjoy their stay, but also helps them learn about the surrounding area, the city, Canada and Canadian culture in general.

The activities are intended to be fun, to help students socialise, but also to complement the language that students learn during their French lessons at our Montreal school.

Please contact us if you have any questions regarding our school, the city of Montreal in general or the activities that our school offers!

Please note: This is just an example of what is on offer. All activities run by our schools are seasonal and depend on availability and student numbers.
