

## Activities on offer at our [Italian school in Salerno](#)

Looking for an authentic Italian experience? Look no further! Salerno benefits from all the attractions of the Amalfi coast - glistening blue waters, dramatic natural landscape, charming and historic architecture - without losing its soul to mass tourism.

The programme below is just an example of the many activities that our language school in Salerno has to offer throughout the year. Visit the archaeological museum, Minerva's gardens or cook up some delicious Italian food. Our school proposes different activities each week and all activities are optional. Some activities are not included in the price of the programme, so will incur a small additional fee.

Example activities in Salerno
