

Activities on offer at our [Italian school in Venice](#)

Venice is one of the most iconic and romantic cities in the world. Built on over a hundred little islands, you can't go to Venice without taking a picturesque gondola ride through the canals. Cross over the Rialto bridge and stroll through the alleyways, mesmerised by the ornate architecture, colourful buildings and distinctive Venetian masks in the windows of the boutique shops. It's a place where you will never get bored!

Our school has a different programme each week. These activities vary from visiting magnificent historic monuments to a city tour. This beautiful city has something to offer every student. Our school can provide further information about the city itself and what you should visit while in Venice.
