

Activities on offer at our [German school in Munich](#)

Munich is not just about Oktoberfest – even if it is the biggest beer festival in the world! Munich is way more than that. Take part in our school's programme and get to know the most important sights, like the Marienplatz square in the heart of the city, BMW museum or the German Museum, which houses the largest collection of science and technology objects in the world. Enjoy a cold beer in a Bavarian stein beer mug and try a local dish in one of the numerous Hofbräuhäusern taverns!

Our school's programme varies from week to week but will always have three activities each week. These activities are optional and can be found on the school's notice board every Monday. The activities are arranged free of charge, including admission and extra travel costs around Munich! Our school can also help with information on what to do and where to go, on your own or in small groups, with your new friends in Munich!
