

## Activities on offer at our [Italian school in Tropea](#)

Learn Italian by the beach! Sounds too good to be true? Well not in Tropea, where you can practise your new Italian skills whilst basking in the Mediterranean sun along white sandy beaches. This medieval town is situated along a dramatic cliff edge and is famous for its spectacular sunsets.

Go on a boat trip to the Coast of the Gods in the summer or visit La Grotta del Romito limestone caves in the winter. Immerse yourself in the Italian culture through different activities that vary each week. Most of the activities are completely free. Only a few require a small additional fee.

You can participate in a wide range of cultural and recreational activities in Tropea. This not only ensures that students enjoy their stay, but helps them learn about the surrounding area and Italian culture.

Of course, the main reason for these activities is to have fun, however it also helps students to socialise with each other whilst complementing the Italian language lessons.

*Please contact our team if you have any questions about the school, the city of Tropea or the activities that the school has to offer!*
