The cultural and activity program in Shanghai not only ensures that students enjoy their stay, but also helps them learn about the surrounding area, the city, China and Chinese culture in general.

The activities are intended to be fun, to help students socialise, but also to complement the language that students learn during their Chinese lessons at our Shanghai school.

Please contact us if you have any questions regarding our school, the city of Shanghai in general or the activities that our school offers!

Please note: This is just an example of what is on offer. All activities run by our schools are seasonal and depend availability and student numbers.
